

Montana Audubon Center -- Phase 2 Reopening Program Protocols

To keep our program participants safe, we are implementing the following procedures for all programs.

General

- For program participants ages five and up, masks or a facial covering are required during all indoor activities.
- For program participants ages five and up, masks or a facial covering are required during outdoor activities when participants are unable to maintain a 6-foot distance from each other OR are participating in strenuous physical exercise (i.e. canoeing).
- Programming will be conducted outside as frequently as possible.
- Program participants must **supply their own water bottle**. Water refills are available, and water bottles are available in the case of emergency.
- Program participants must **bring their own pen/pencil**. If they have forgotten, pencils will be available on a limited basis.
- Program participants may not attend programming if:
 - They have been exposed to someone with COVID-19 in the last 14 days.
 - Their temperature is 100 or greater.
 - They are exhibiting other symptoms of COVID-19 including: fever, chills, new onset cough, body/muscle aches, fatigue, loss of taste/smell, vomiting, diarrhea, new onset runny nose, and sore throat.

Sanitization

- Program participants will wash or sanitize hands upon arrival and departure, and before and after consuming food. A handwashing station is available, or program participants may use their own sanitizer.
- The facility and all equipment will be disinfected between groups.
